

Series 350AR

Cass Monolithic mobile anti-theft security safes

Characteristics

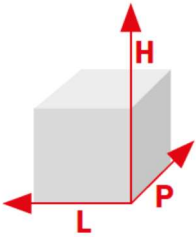

- Monolithic structure in special steel
- Body thickness 10 mm on all 6 sides
- Wall and floor anchoring holes (4+4)
- Baked anthracite finish
- Optional: support base height 20 cm
- Wolf mouth anti-fishing system

Locking system

The 350AR series time-safes, designed for the temporary protection of surplus cash, adequately safeguard the banknotes introduced inside the device via the special anti-fishing slot. The opening of the appliance is activated only via the timer, therefore in the event of a robbery it will be possible to open the door only after the set delay time has expired. A sticker is supplied which in itself acts as a valid deterrent.

- Lock with digital electronic combination with motorized advancement of the bolts.
- Programmable delay time: 1-5-10-20 minutes
- Window time: 1 minute
- Banknote insertion slot 10x180 mm
- Nickel-plated steel deadbolts, diameter 22 mm
